### Experience

Front end Developer Freelancer | Remote  
11/2022 - Current

- Specialized in Next.js, React, Tailwind, and PostgreSQL for app development and hosting on Vercel as a freelancer. Focused on custom solutions, UI/UX optimization, and robust architecture. Known for adaptability, deadline commitment, and code quality.

Front end Developer at Metary | Remote  
11/2022 - 01/2024

- Front-end developer in a startup, responsible for the full front-end stack using Next.js, React, and Tailwind. Led API integrations and collaborated closely on UI/UX design, ensuring connections with the backend in Node and PostgreSQL.

Front end Developer in Calima Solution, SL  
Las Palmas de Gran Canaria  
01/2021 - 12/2022

- Developing front-end and MERN stack skills, focusing on HTML, CSS, JavaScript, React, and testing with Jest.

Data Analyst in ButlerScientifics, S.L | Remote  
06/2020 - 05/2022

- Responsibilities spanned product analysis, customer service, sector-specific statistics, Python database management, project management, custom application development, and digital marketing, utilizing tools like HTML, CSS. Excelled in managing complex projects, teamwork, meeting deadlines, and quality.

Front end developer in Raul López  
Las Palmas de Gran Canaria  
05/2019 - 06/2020

- Front-end developer skilled in React, Tailwind, Firebase, and MySQL for web/mobile UI design and development, focused on UX optimization, and troubleshooting. Excelled in teamwork and commitment to code quality and UX.
