## WORK EXPERIENCE

01/2021 - 12/2022

Calima Solution, SL | Las Palmas de Gran Canaria | Front end developer

Developing skills as a front end developer in **HTML, CSS, Javascript, React, Tailwind, Bootstrap**, as well as starting to become a MERN stack developer using **Node** and **Express** technologies in the back end and using databases such as **mySQL, PostgreSQL**, among others. Testing with **Japa** for the backend and **Jest** for the front end.

11/2021 - 12/2022

Metary Platform | Las Palmas de Gran Canaria | Co-founder

Personal project. During the creation and the whole development process of the platform, I was integrating and developing product-oriented tools using **Vue, PHP** and **Laravel** technologies. Also, manipulating and building the database in **PostgreSQL** as well as focusing on **UI/UX designs**.

06/2020 - 05/2022

ButlerScientifics, S.L | Barcelona | Data Analyst

My responsibilities included product analysis and development, customer service, statistics applied to the biomedical and sports sector, **Python** database management and development, project management and custom application development. I was also in charge of digital marketing. I used a variety of tools and technologies such as **HTML, CSS** to accomplish these tasks and worked closely with other team members. I excelled in my ability to manage complex projects and my dedication to meeting deadlines and quality work.

05/2019 - 06/2020

Raúl López | Las Palmas de Gran Canaria | Front end developer

Front-end developer using **React, Tailwind, Firebase** and **MySQL** to design and develop the user interface of web and mobile applications. My responsibilities included designing and developing the user interface using these technologies, as well as collaborating with the design team on prototyping and implementing visual designs. In addition, I worked on user experience optimization and technical troubleshooting. I stood out for my ability to work in a team and my commitment to code quality and user experience.

## EDUCATION

09/2022

Responsive Web Design Dev Certification | FreeCodeCamp

<https://freecodecamp.org/certification/Juanr92/responsive-web-design>

09/2022

JavaScript Algorithms and Data Structures | FreeCodeCamp

<https://freecodecamp.org/certification/Juanr92/javascript-algorithms-and-data-structures>

2017 - 2021

Degree in Tourism | University of Las Palmas de Gran Canaria

As an intern at Satocan Group, I had the opportunity to work in different areas of the company as a digital marketing intern, project manager and quality manager. I became familiar with technologies for digital transformation and developed skills in team management and leadership.
